JUNE 1, 2021 - MAY 31, 2022

# 2022 SEASON SUMMARY

140 MEMBER GROUPS

158 STUDENTS IN  
LESSON PROGRAM

Our 2022 season was a successful one. We welcomed many new members, and were pleased to see the return of several former members to active status. The addition of four new ski instructors expanded our capability to develop new skiers, and the debut of our Little Racers program was extremely popular. Not surprisingly, the annual Robin's Race had the largest turnout in years, and we're told was the largest race in New York this year. Once again, our snowmaking operations team worked hard behind the scenes to ensure that we got open and stayed open. And notably, the amount of people who lent a helping hand to make sure that all of these good things happened was inspiring. It's clear that the spirit of the hill, the community that makes this place truly special is growing, and that's a great thing. So we celebrate the past year, and look forward to an even better one coming up.

# LESSON PROGRAM

This year was a year of growth; we brought on 4 new fabulous lesson instructors to help us teach 300+ lessons over 8 weeks. Our goal is to get all our students from the bunny hill to the big hill and to love skiing! This year we started our 'Little Racers' program to teach the fundamentals of ski racing. A big thank you to Co-Director Hannah O'Brien and lesson instructors Anna Richards, Gretchen Valentino, Aaron Leach, and Kayla Dwyer for all their incredible hard work. Next season will be our best yet!

# T-BAR CABLE REPLACEMENT

The replacement of a lift cable is a challenging undertaking for any ski area, more so for a not for profit one dependent on volunteer labor. But when it was determined that we needed to do it, the Skaneateles Ski Hill community rose to the occasion. With the generous support of our members, past and present, and donors throughout the community, we were able to purchase our new cable. This past May, a dedicated group of volunteers worked with the professional installation team to do the labor involved. Over the course of three days, a dozen volunteers committed over 160 hours of time. It was rigorous, challenging work, but rewarding. To all involved in this project, we wish to express our sincere gratitude. Your contribution will benefit skiers for decades to come.
